

# Executive Director Letter

## **At The Job Forum, our goal is to help others find their next job!**

This was a year when everything changed and millions of people had their daily lives transformed. Many skilled and wonderful people lost their jobs or had their industry changed forever as a result of the pandemic. **The Job Forum** is here for them! We know firsthand the determination, positive spirit, and sustained effort that today's job hunters must possess to find their next job and we are here to provide them with counsel, support and guidance.

## **While things have changed, some things have gotten better!**

Amidst the mayhem, **The Job Forum** continued its weekly efforts to help as many job hunters as possible meet the challenges they faced by guiding them in how to conduct a modern and successful job search. ***But during COVID, The Job Forum actually doubled its programming!*** Not only are we offering the usual Wednesday night sessions, we now offer Thursday night programming as well. And our volunteer ranks have increased significantly too!

We also have a new newsletter, **Job Forum Connects**, which will be coming out on a quarterly basis. You are reading the inaugural issue! Please share it with others you think would be interested in our practical and valuable programs.

## **This is a team effort. Volunteer! Mentor! Donate!**

We need your generous support to extend our job hunting programs to reach and guide the many who are out of work. The critical funds and/or time you give will help us fuel our volunteer efforts and provide support to those who are out of work. If you know anyone looking for a job, you know it can be a lonely, long process. Give generously to help us help job hunters.

## **The Job Forum really makes a difference!**
